

You're Invited to

Engaging with Government Agencies

Thursday, October 6
1:00 – 2:00pm ET

[Register on Zoom here](#)

Featuring

Lizzy Ghedi-Ehrlich

Director of Policy at the Scholars Strategy Network
(Link to [bio here](#))

Do you want your research to inform and create evidence-based policy?

Join us for a crash course on working with government agencies. Attendees will learn how to identify opportunities to communicate their research and influence practice, initiate communication, build relationships, and foster collaboration with relevant agency staff.

The Federation of Associations in Behavioral and Brain Sciences (FABBS) organizes webinars and develops resources to help our scientists effectively engage with policymakers and translate their research for a broader audience.
